

PREMISES INSPECTION COMMITTEE REPORT
Medical Clinic of Dr. Magdy Elhashab – Level 2
Toronto, Ontario

Following a review of the inspection-assessment report and submissions from Medical Clinic of Dr. Magdy Elhashab, the Premises Inspection Committee has issued an outcome of Pass with Conditions with the following Condition(s):

1. As per OHP Standard 4.2 Procedure Room Physical Standards:

The Committee directs that the premises provide a copy of the air quality test report that supports the verbal pass rating previously received by the premises .

The Committee further directs that once the air quality test report has been received, Dr. Elhashab may begin doing endoscopy procedures. Within 3 to 6 months, a re-assessment including an observation and chart review will be initiated once Dr. Elhashab has accumulated enough charts for this review. This re-assessment will include an inspection of the reprocessing process by an infection control team.
