

PREMISES INSPECTION COMMITTEE REPORT
Toronto Plastic Surgery Institute – Level 3
Toronto, Ontario

Following a review of the Inspection-Assessment Summary and submissions from Toronto Plastic Surgery Institute, the Premises Inspection Committee has issued an outcome of Pass with Conditions with the following Condition:

The Committee noted that all staff administering sedation and monitoring sedated patients should be using the same anesthetic record and has directed that an acceptable standardized anesthetic record should be developed. A version of the revised form should be submitted to the College.

Additional Committee Condition:

The Committee also directed an offsite reassessment of 10 anesthesia charts from Dr. Mohammed Mehboob Elahi and Dr. Jeremy Oliver Hew be conducted in 6 months' time. The Committee will expect to see improvements based on changes implemented from the current chart review.
